

How to Submit a Photo to Google Classrooms Using Your Phone (Android) (Video on Next Page if Needed)

<p>1. Start by going into your classrooms app. You will see any upcoming assignments under your classes.</p>	<p>2. Select the class to access the stream. Scroll down to the assignment and into it.</p>	<p>3. Any instructions will then appear. Select the arrow below them to 'add an attachment'</p>	<p>4. This screen will then show up. Now select '+ Add Attachment'</p>
			
<p>5. This screen will appear. Select 'Take Photo'. You can also choose a photo from your gallery by selecting 'File' then 'Gallery'.</p>	<p>6. This will bring you to your camera. Take a photo of your work from here. Ensure the photo is clear and orientated upwards. (Portrait). Then select the tick.</p>	<p>7. Your photo will then upload. Once it's finished you will see this screen. You can add another by selecting 'add attachment' again.</p>	<p>8. Select 'Hand In' when your photos are uploaded. This screen will then show up. You must then click 'Submit'. The assignment will then be submitted.</p>
			

If you would like to see a video example of how this is done follow the link below. (Hold the ctrl button and then click on it)

Should you have any more questions remember to use the '3 before me' principle.
